Kelly,

Youve always been a great friend and I know you always will be. I really don't want to graduate in two more years. I'll miss everybody so much. We've had so many great times that I [redacted] probably couldn't count them all if I tried. Remember what we were going to do after High School? We were going to ~~bk~~ buy a trailor and all live in it while we went to college. I doubt we (You, me + Claire) ever will but we sure would have had a lot of fun. Who knows though, maybe we will. I hope so. Our friendship will always be one that I'll never foget and maybe one day we'll see each other in a store and introduce each other to our husbands and 5 or 6 kids. Wouldn't that be funny? Well, I know you're waiting for me to finish so I'll sign off. See ya, Bye!

Friends
Always,
Lisa

True Blue

Elegy for

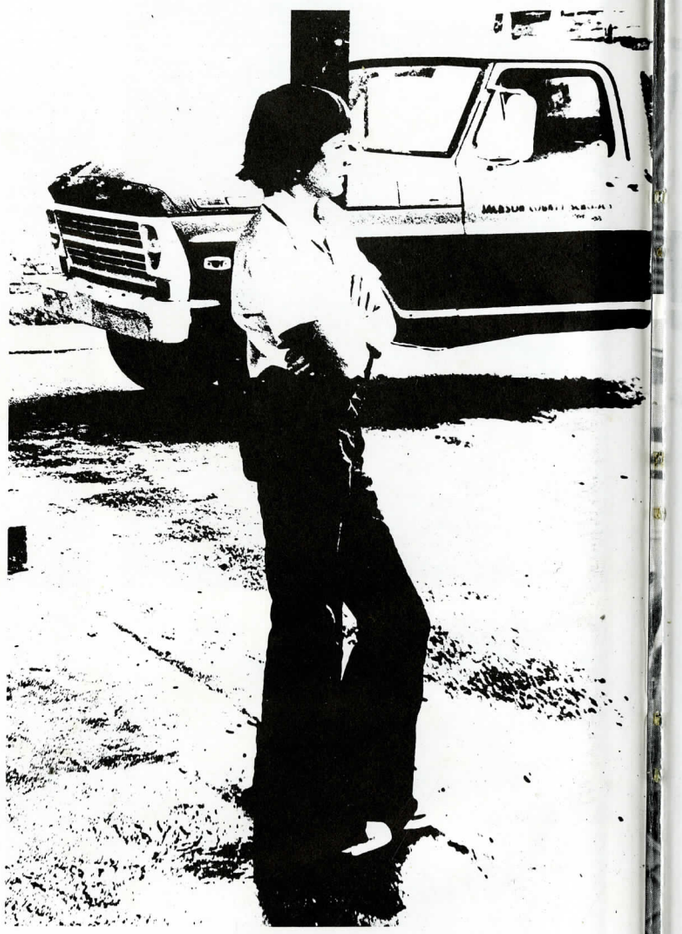
SOLITUDE

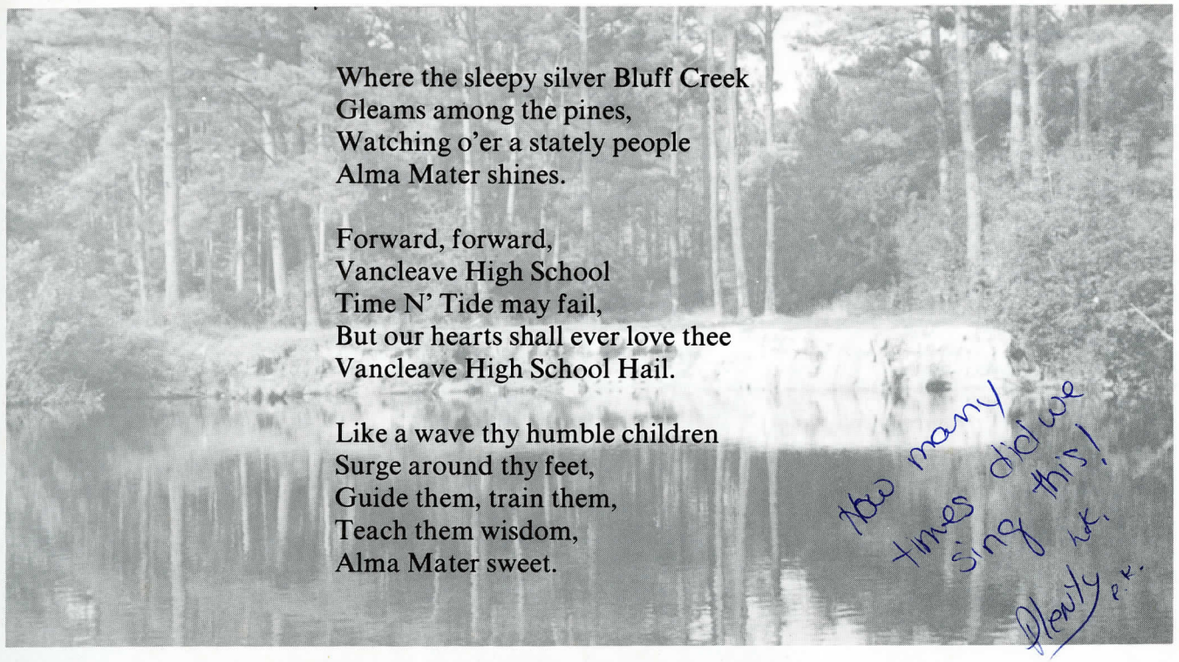
Laugh, and the world laughs with you;
Weep, and you weep alone.
For the sad old earth must borrow its mirth,
But has trouble enough of its own.
Sing, and the hills will answer;
Sigh, it is lost on the air.
The echoes bound from voicing care.

Rejoice, and men will seek you;
Grieve, and they turn and go.
They want full measure of all your pleasure,
But they do not need your woe.
Be glad, and your friends are many;
Be sad, and you lose them all.
There are none to decline your nectared wine,
But alone you must drink life's gall.

Feast, and your halls are crowded;
Fast, and the world goes by.
Succeed and give, and it helps you live,
But no man can help you die.
There is room in the halls of pleasure
For a long and lordly train,
But one by one we must all file on
Through the narrow aisles of pain.

— Ella Wheeler Wilcox



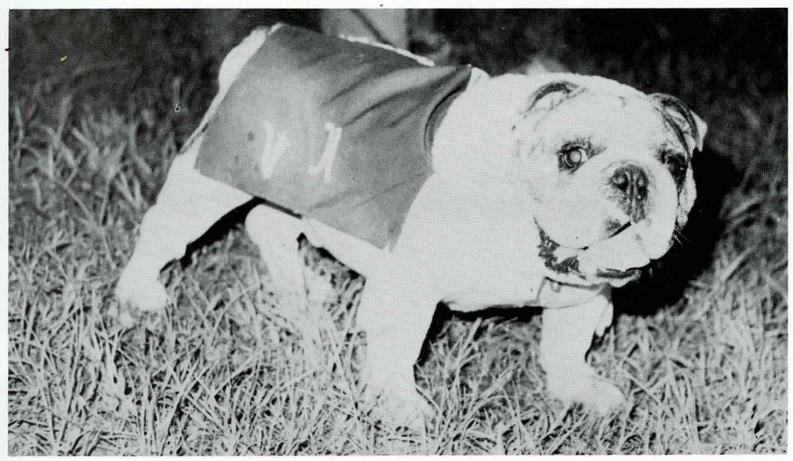


Where the sleepy silver Bluff Creek
Gleams among the pines,
Watching o'er a stately people
Alma Mater shines.

Forward, forward,
Vancleave High School
Time N' Tide may fail,
But our hearts shall ever love thee
Vancleave High School Hail.

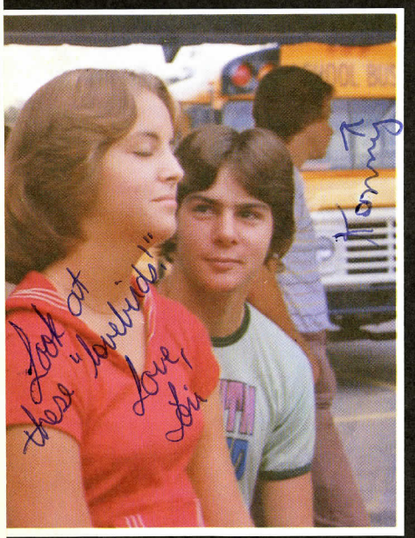
Like a wave thy humble children
Surge around thy feet,
Guide them, train them,
Teach them wisdom,
Alma Mater sweet.

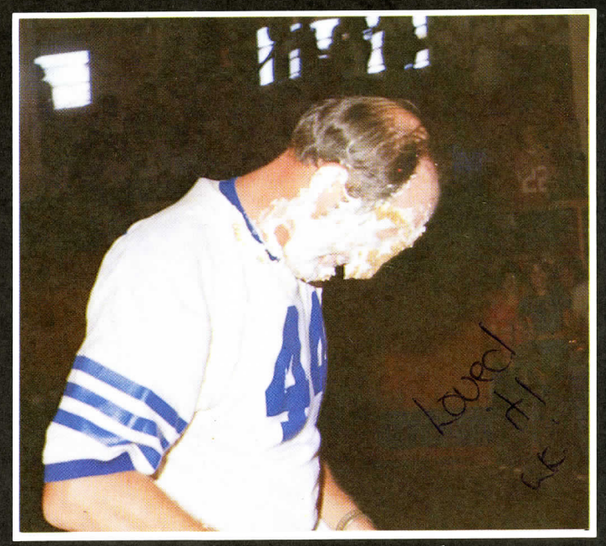
How many times did we sing this! Nearly P.K.

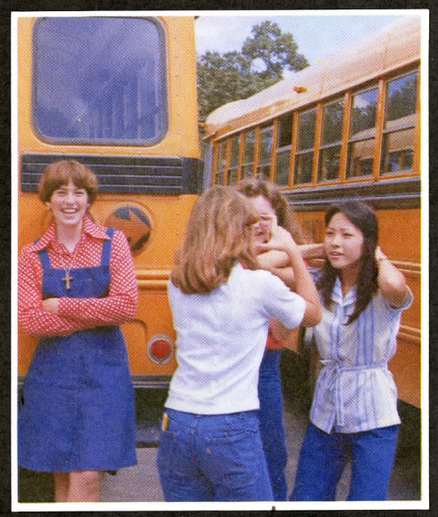


Vancleave Alma Mater

. . . True Blue . . .



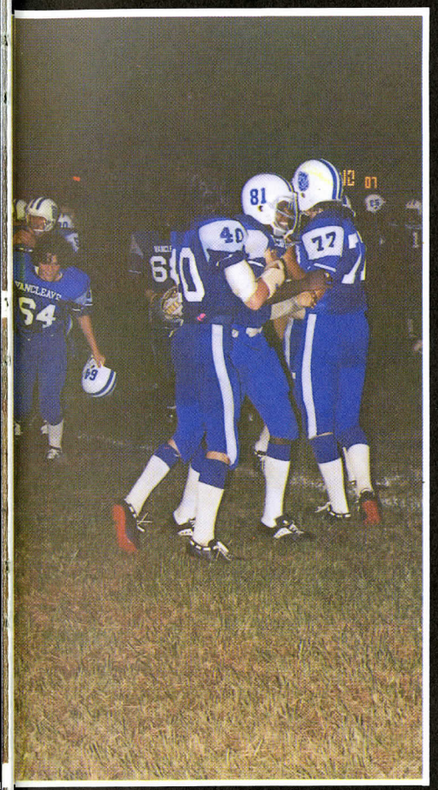




The first day of school, August 22, got off to a pretty good start. There were old friends to talk to. Everyone was enjoying the summer but they were ready for school to start. Along with the old friends, new ones arrived. Speaking of new faces, there was Mr. Freeman. Mr. Pritchett who had become the "Head Hancho" left room for Mr. Freeman. Before coming to Vancleave he was a history teacher at Pascagoula Junior High.

At our first pep rally, Mr. Freeman got a pie in his face! That night we played Pass Christian High. This being our first game, we were all a little on edge. Despite our futile efforts we lost, 28 to 12. The next week we began our winning streak. We were on our way to victory!

VHS Days

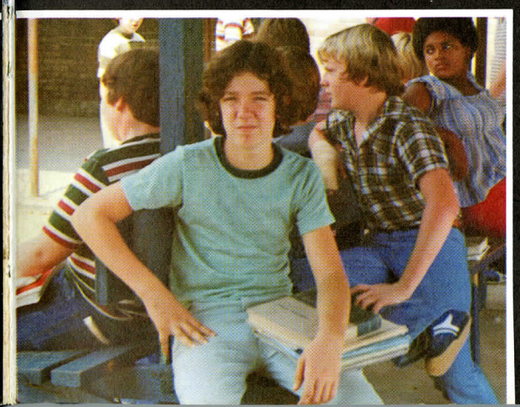


It seems that before we knew it the juniors were getting their rings back, the seniors were taking senior portraits and ordering graduation invitations, and Homecoming was about to happen . . .

Then we had Who's Who nominations and votes. We had to wait a couple of weeks before we could find out who was to be who. The wait was worth it; as in years past, there was a who's who dance in the gym. The dance was sponsored by the annual staff.

We just could not believe it when it turned cold. It always had turned cold before camp meeting. There was no reason why it shouldn't this year. Oh, it still got hot on some days, but at least it was cold for camp meeting.

When the six-weeks test time rolled around some of us were prepared, but most of us were not. It was not too long before we got our report cards; they proved that we had done better than we had expected. Many of us found it hard to budget our time equally between home work and extra activities.



Faces at VHS

We asked the students of Vancleave what they thought of this school year:

"It's a real blast after 3:00 p.m."

"It's there."

"Ha."

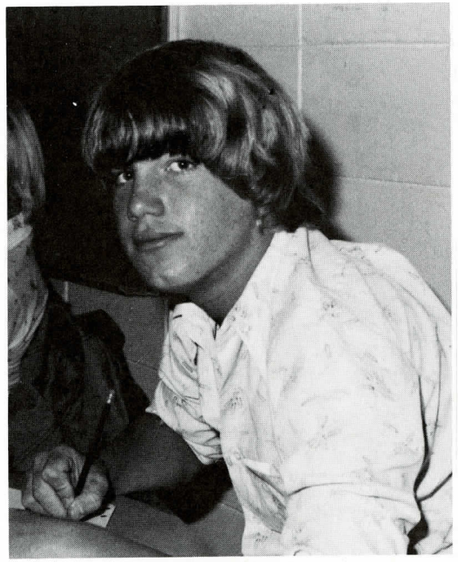
"The girls are getting bigger and better."

"Another year, let's do our best!"

"One more year."

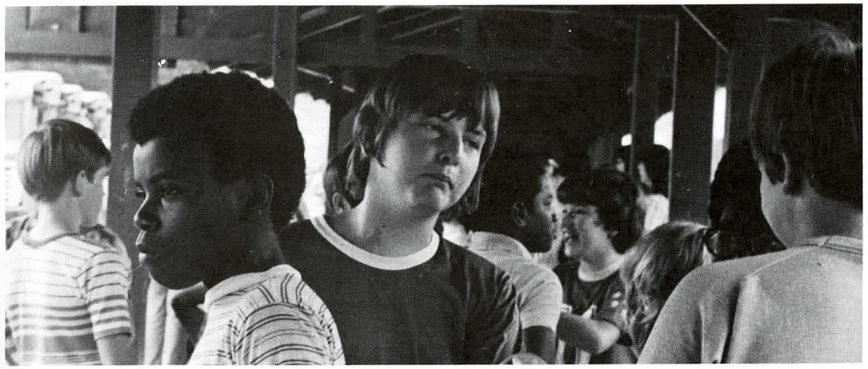
"!X?#"

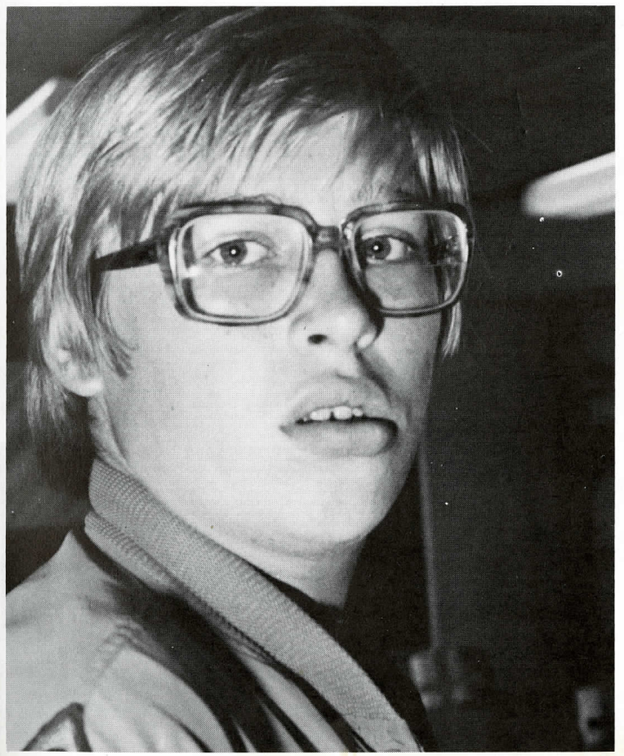
"Study, study, study."

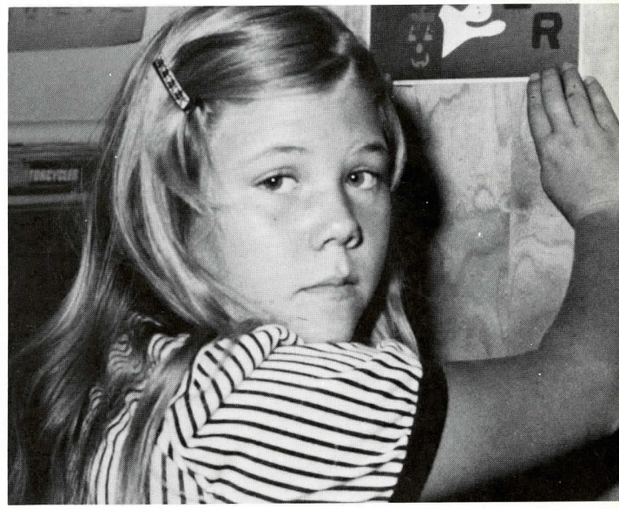


"What's going to be on that test 3rd period tomorrow?" "What! We've got a test in there? When did that come up?" "I don't know. I was asleep."

The above is an example of normal, everyday conversation in the "halls of Vancleave High." There are several methods of trying to pass a test. Studying (but who does that?), prayer, cheat notes (who, me?), and, of course, CRAMING. If you're good at it, it can pay off. Take all lists and learn them first; then all the definitions. There are true and false, but we can always guess at those. If you study for a test, it should be easy to pass; but a person sometimes just doesn't have time for such a thing!







GREAT IN '78

The senior class officers for the year 1977-78 are:

President, Ron Wheat; Vice-President, Darlene Gregory; Secretary, Paula Bennett; Treasurer, Karen Lowery; Reporter, Sharon Reed.

The class of '78 has agreed upon these items to stand for us all as a whole:

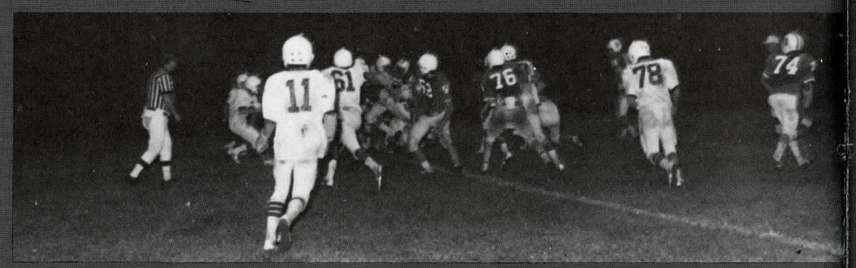
Class colors: Red and Silver

Class flower: Carnation

Class song: "Everything"

Class motto: Once a task has begun,

Do it well or not at all.



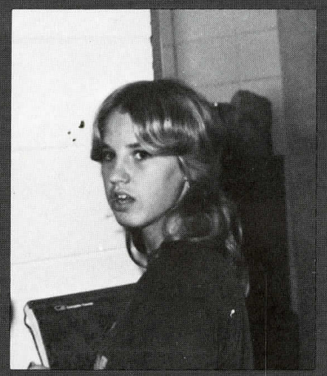
The Days at Vancleave High

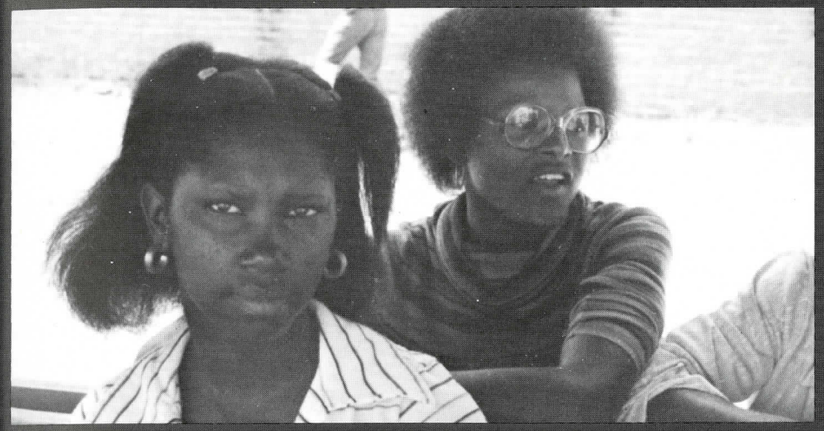
Some people think that because of our size our school is a drag. Not true. Basically, the days at Vancleave are full of laughs and good times.

Some of these days are the days we have activity period, which comes every Wednesday. During activity period different things happen. Sometimes there are club meetings, pop-corn and cokes sales and then some days we just stay in class and goof-off.

Then during football season, every Friday that there is a game, we have Pep Rallies. At these rallies we express our spirit, enthusiasm, and faith for our football boys. The coaches show their appreciation by rewarding the players with a trophy for their outstanding efforts during a game. We have certain days to dress up, which we can show our appreciation and spirit for our team and coaches. A few are: hickday, backwards day and blue and white day.

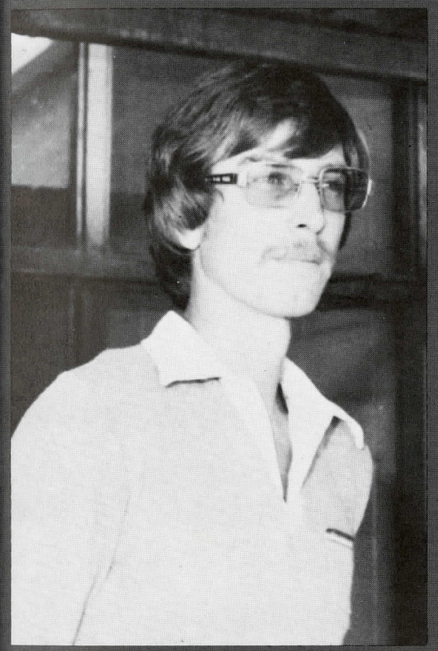
On our ordinary days we do the regular things such as: come into class tardy, cheat, skips, and live in Mr. Freeman's office. (Ha!) We also run up and down the sidewalks on rainy days splashing everybody who gets in our way.



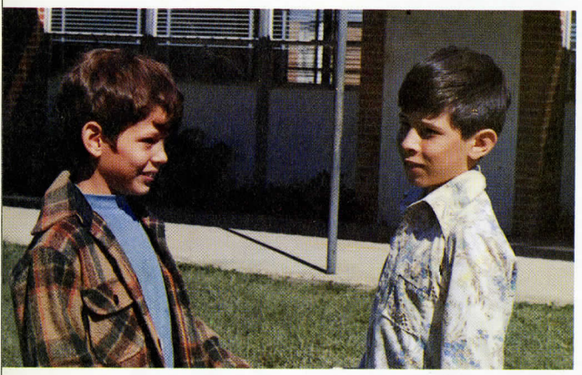


Despite our bad habits we have some very good ones, too. Like studying for some tests, helping the teachers by running errands, grading papers, running off papers, and typing tests.

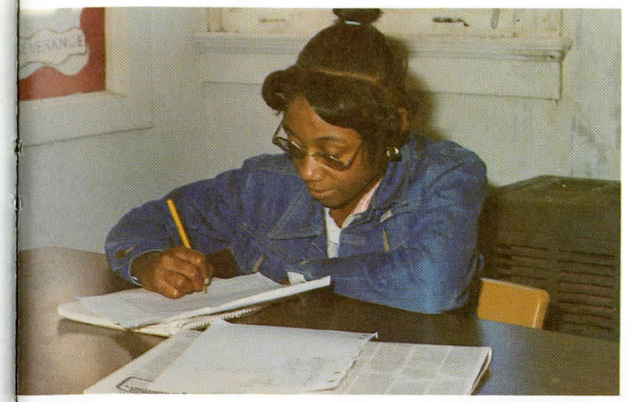
We have other exciting and fun days but this is a general idea of the days at Vancleave High.



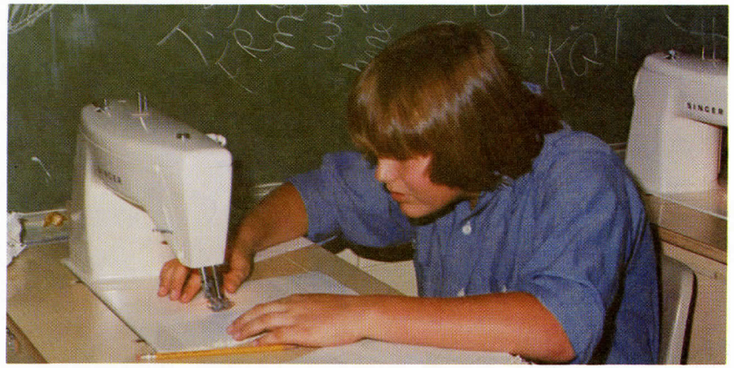
That old feeling stirred deep inside again this year as we started the new year; that feeling of not being quite ready for school, but also tired of summer.

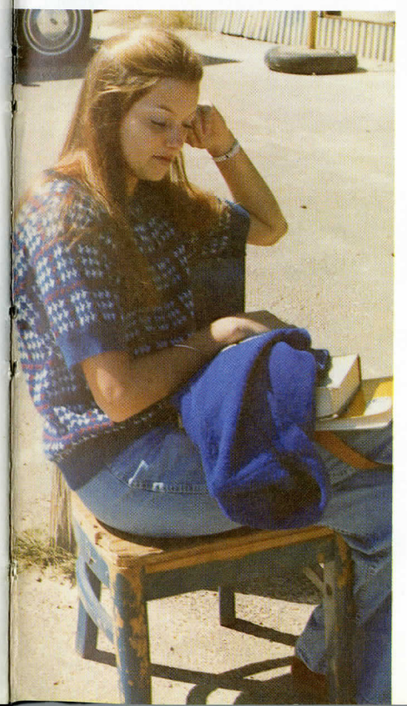


As we walk down the halls, memories come flooding back from the years before. We all remember being chased down the hall, getting our finger smashed in our locker or being thrown into the bathroom you aren't normally seen entering.



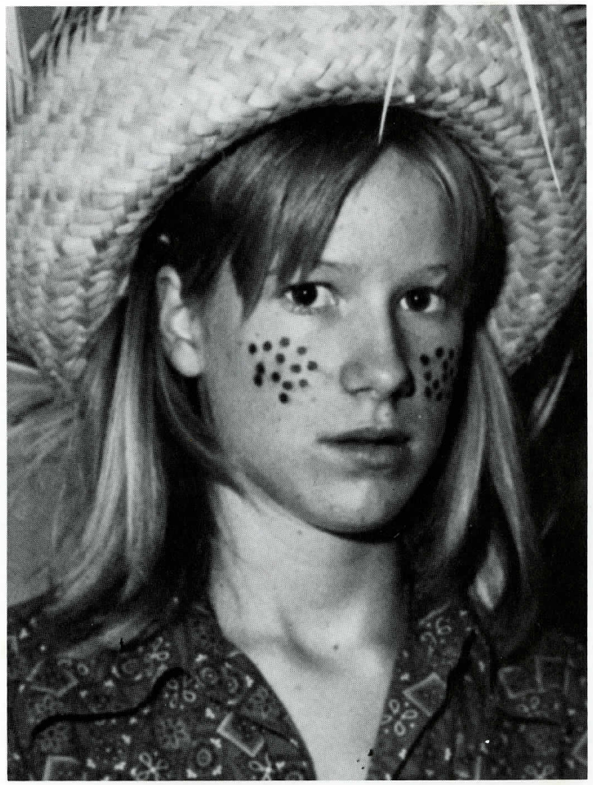
It's also alot of fun during the first few weeks to see if we can break the new teachers of their bad habits, but they usually end up breaking ours.

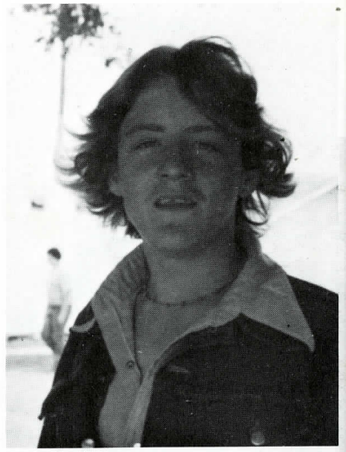




Those of us who are here for the last time will want this year to be the best of all and we'll think back on the past years with a yearning inside for those days again. Whether it's our first year or our last, surely we're all looking forward to it and planning to use it to our best advantage.

At the beginning of school, everyone was happy to see their friends again, and talked about what they did over the summer. Most everyone was excited to come back to see how their schedules were and who was in their classes. At first it seemed like this was going to be another long year, but before we knew it the first six weeks was already over and homecoming was just around the corner! School activities and sports took up alot of time for most people. Football was the number one sport at the first of the year and it seemed like everyone was anxiously awaiting Friday nights.

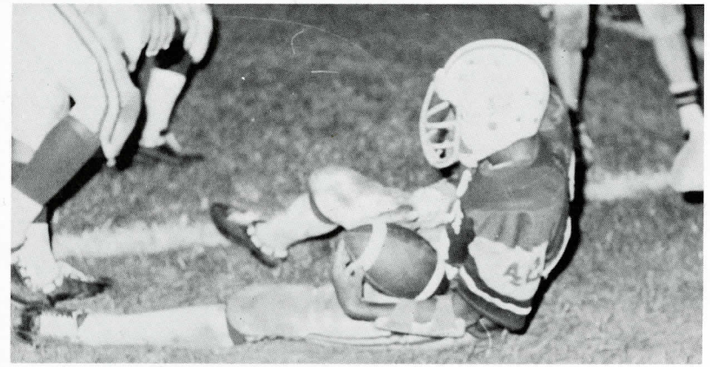




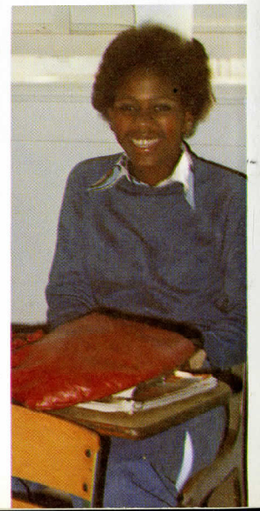
Seniors at Last yeah!

It's finally here! For the first time since we've been in school, my friends and I were really excited that summer was over and school was starting. The reason this year is special — it's *our* senior year! The first semester we order graduation invitations. Second semester senior privileges begin. We get out 5 minutes earlier than everyone else for lunch to beat the crowd. If, by chance, we don't beat the crowd, we are allowed to go to the front of the lunch line without waiting.

As graduation time nears, our excitement grows. Graduation night everyone will be confused and nervous; and then, before we know it, it is all over. We are on our own!



Where in the world can a person find a place to belong? Where can he find a place that he can find a club or groups that he can be a part of? That place is Vancleave, Mississippi, USA. Be in a club like French or Drama, or some sport like football or baseball, whatever it is, at Vancleave there's something for you. Although athletic teams and clubs are good, they don't make for everything. The people at Vancleave are unique.



They are like none anywhere else. They seem to have a quality that makes newcomers feel welcome. You rarely see a person at Vancleave by himself. We just aren't like that. Friendship is important. It is something we value and protect, and at Vancleave there is a lot of friendship to go around. Even if a newcomer does spend a few days by himself when he arrives, those days alone are very few!

ELVIS PRESLEY

Most of us never had the opportunity to see the "King of Rock" in person. None of us will ever have the chance again — Elvis died of a heart attack in August, 1977.

The whole country mourned his death. Many fans went wild. So wild, in fact, that some were actually killed when visiting his mansion. Others made a shambles of his grave site while trying to steal souvenirs. The King was buried on his property in Tennessee.

Our newly built Coast Coliseum had booked Elvis for one of the first scheduled concerts in December. It would have been a tremendous success if the event only could have taken place.

The native Mississippian will always be remembered for his music and his contributions to the world of music.

A YEAR OF MOVIES AND MUSIC

This year was a great one for movies and music. Some of the big hits were: "Saturday Night Fever," "Close Encounters of the Third Kind," and "Oh God." Some of the other movies were: "The Island of Dr. Moreau," "Smokey and the Bandit," "Young Frankenstein," "Silver Streak," "Pete's Dragon," and "Heroes." There were movies that were prompted by songs such as: "Saturday Night Fever," "Close Encounters of the Third Kind," "Heroes," "You Light Up My Life," and "One on One."

The movie with the best theme song was the biggest selling movie in the United States. It was a space fantasy with costly special effects and an old fashioned "western-styled" plot. Needless to say, it was "Star Wars," a movie about a boy who had a dream of getting away from his uncle's farm and fighting in the cosmos rebellion. His dream came true when he joined the battle and defeated the villain who had killed his father.

Many people tried many times to see this movie. Some people even stood for an hour and a half in the wrong line. If you didn't see "Star Wars," and you ever get the chance, do so, and "May the Force be with You."

Vancleave's favorite band is: KC and the Sunshine Band.

Miss Dowe has worked hard for Beta Club; she has supervised a movie and bake sales and has arranged for some of the members to go to the 1977-1978 convention in Jackson, Miss., February 3-4. Still Trying to Get It Together

Pictured at the left are Suzanne Wiltz, Sharon Reed, and Jack Busby. Suzanne got thrown around a lot; maybe because she was the youngest Annual-staffer. Sharon just kept her mouth shut and did her stuff. She was in charge of the Who's Who section. Now Jack, poor old Jack, maybe we just worked him too hard. Jack was our copy Editor. Suzanne was also the Clubs section manager.
Pictured below are: (l. to r.) — Lori Smith, Assistant Editor; Deby Sellers, Editor; and Mrs. Campbell, Sponsor. Maybe we were laughing today but you should have seen us other days!

This year we are able to claim an added attraction — a drill team.

Drama Club

The Vancleave High School Drama Club had really been busy this year. With a cast of 36 there has been plenty for everyone. To begin with we sponsored the first Gong Show ever held in Vancleave. The audience appeared to be alright when they arrived, but thanks to Dwayne, Andy, Keith, and some others many people were Ssik when they left. Then too, Chuck and the rest had their Revenge. Another memory of '78 was our truly *remark*able play. "Echo of Life" was a once-in-a-lifetime experience. With Ron as Death and Karen as Life the play was unforgettable to say the least. (Ask the critics at Southern). The rest of the cast were Bret, Virginia, Roger, Laurel, Chuck, Perian, and Jack. We also learned a lot about stage setting, make-up, lighting, and stage combat (faking a fight). We really had fun this year, and at this time, would like to thank our sponsor. Mrs. Fletcher, take a bow.

Under the leadership of its president, Nerias Wright, the club did various repair jobs on school equipment, furniture, and band equipment. The club also constructed a sign for the Jackson County Exceptional School in Pascagoula which would have cost about $150 if purchased locally, and in addition, it constructed an erected a sign on our Industrial Arts building identifying the building in eight inch redwood letters. Another significant projec was a club fund raising project in which the club s up a sign engraving shop a the yearly PTA Bazaar in Vancleave and sold personalized signs to patrons. The Industrial Ar display at the Jackson County Fair this year, which was built by the clu took a FIRST PLACE ribbon and a prize of $25.0 for the club.

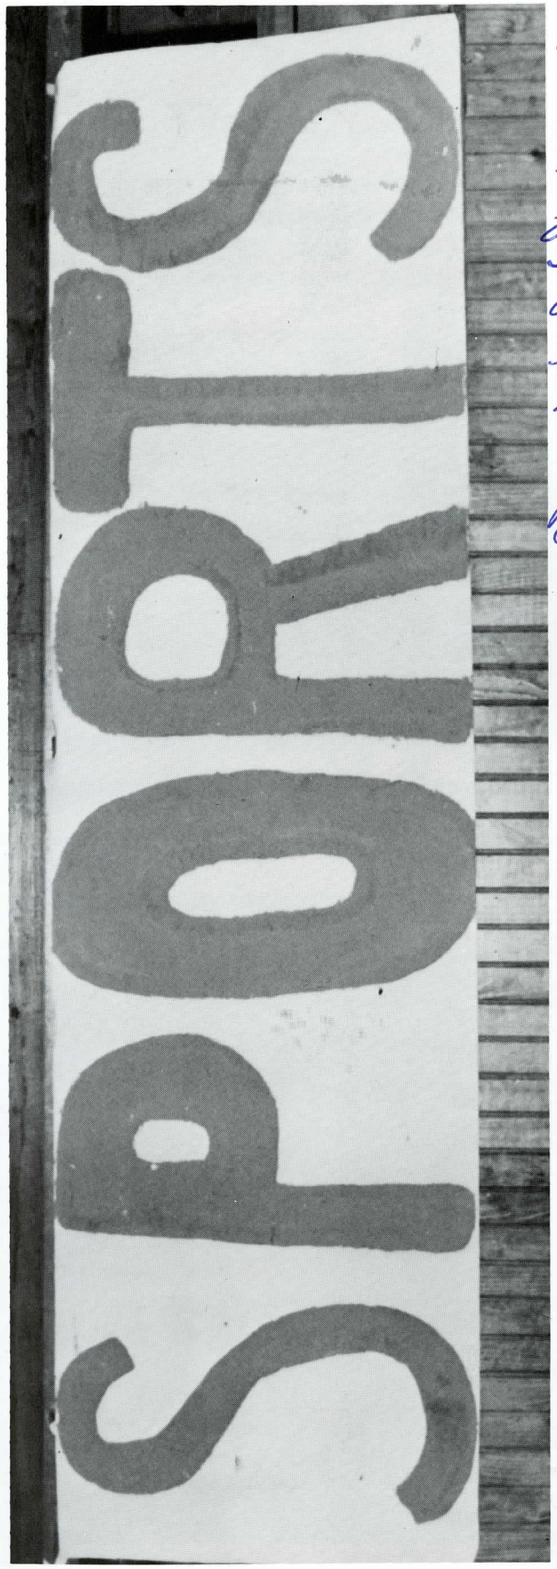
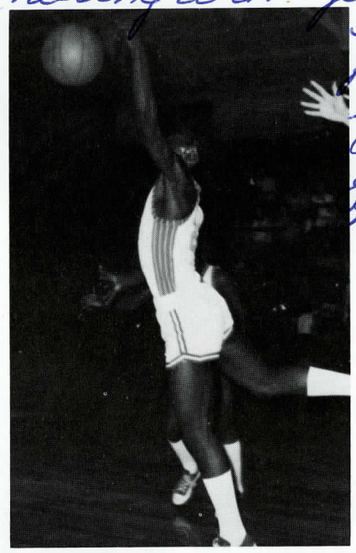
12 years we've got to be kidding. I didn't realize

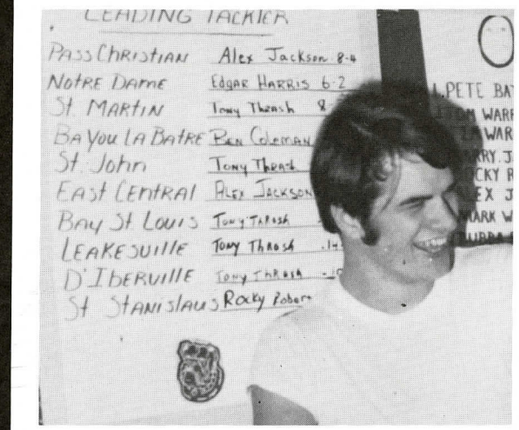


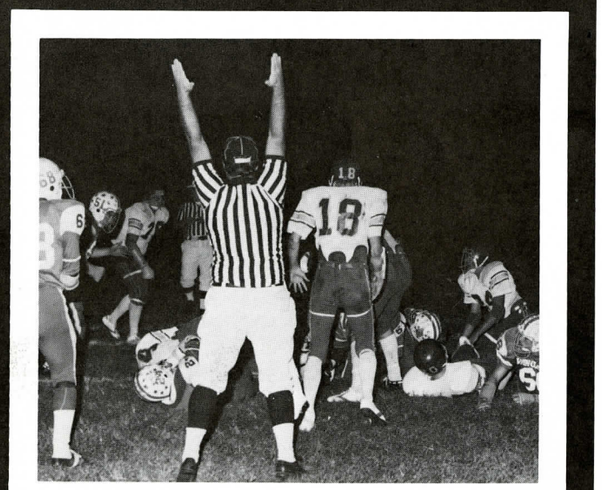
Kelly,
Well the year is almost over & I only have one more left. We've had so many memories and done so much stuff I'll never forget it. When I look back I can't see how we could do some of the things we did like trying to get into the movie! You are a fantastic Cheerleader, I enjoyed last year so I know I'll enjoy Cheering with you next year. I hope our friendship will last forever. I'm counting on you to help make my last year best!
Love
Sherry



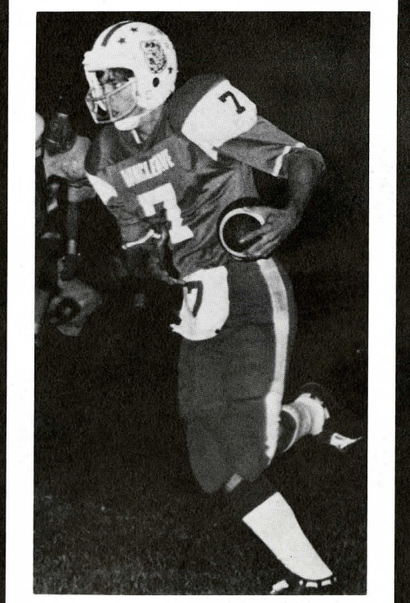
Football '77-'78

Football season is a season for everyone. Not only does it provide the players with a recreation they love, it provides so many emotions for all who participate and watch the game. The feelings are all there — the thrill of victory, the agony of defeat, anticipation of the outcome, knowing what it means if we don't win.





And the fans, the fans who feel sorry for the guys when they get hurt, the fans who cheer them on when they get low, the fans who belt out whistles for the other team's cheerleaders. Yet we love them all. What would a football game be without the fans? Who would share that moment of tension that hangs in the air? We all hate for the season to come to an end but it gives us a chance to relax and think about next year. Until then . . .



we are proud of you
say we are proud
of you!!!

The 1977 Bulldogs were a real surprise to many. We were picked to finish 7th in the conference, but came back with an outstanding defense and a lot of desire. The team was led by a group of dedicated, hardworking seniors who helped us record 6 shutouts and a Bowl victory.

The Bulldogs completed the season with a 9-2 overall record. They finished 3rd in the conference and were the 1977 Pickle Bowl champions. All-Conference players were: Ben Coleman, Pete Batson, Tony Thrash, and Bubba Etherton. Honorable Mention players were: Tim Warren, Tom Warren, and Larry Jackson. Pete Batson was also voted the Most Valuable Back in the conference.

Cheerleaders '77-'78

The following is a typical day of cheerleading practice: "Melody, spit that gum out! If I see you hurling it around your finger one more time . . ." "I don't want to see any more flying arms. Bah-hah yourself, Claire. Stop cracking jokes. I want everyone's attention." "Ah, come on Kelly, we know you can do the splits." "Okay girls, let's pa 'Party'." "Come on Thelma. You and Melody are always lagging behind." "No, Lori, that wasn't a white Ford." "Now Sherry, we have to be at the field at 6:00. Make sure you pick me up at least a quarter 'till." "Karen, this is cheerleading, not dancing." "Virginia, if you don't stop practicing your splits, we're never going to let you do them!" "Girls pay attention, the boys will be there when we're through." "No Perian, you can't go to the P.E. building yet. Anyway did you get all 32 rootbeers?" "Sit on it Laurel!"

Homecoming 1977-78

Homecoming was a happy time for us again this year. The fun-filled festivity was held on October 21 and the parade through Vancleave was held October 20. There were many "extras" contributing to this season to make it even better. First of all, we were out of school for Fair Day on October 21. Paula Bennett was crowned Homecoming Queen of 1977-78 and to wrap it up, the Vancleave Bulldogs defeated the Lakesville Bears 39-0.

This year's homecoming court consisted of Amanda Mizelle and David Robinson, Princess and Prince; Suzanne Wiltz, Freshman maid, and escort, Mike Seymour; Evelyn Jackson, Sophomore maid, and escort, Walter Williams; Alicia Meyers, Junior maid, and escort, Mark Jones.

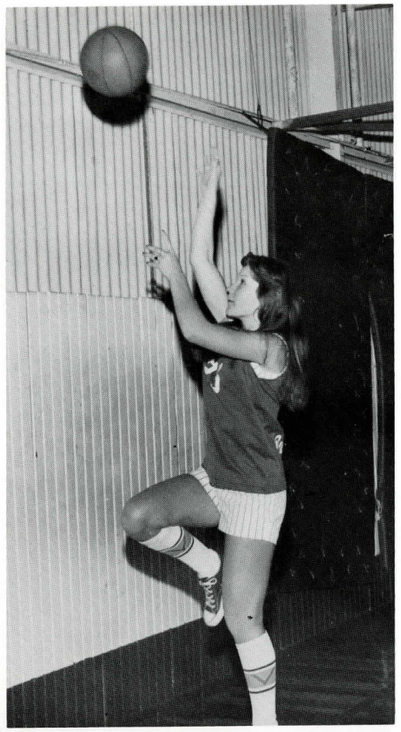
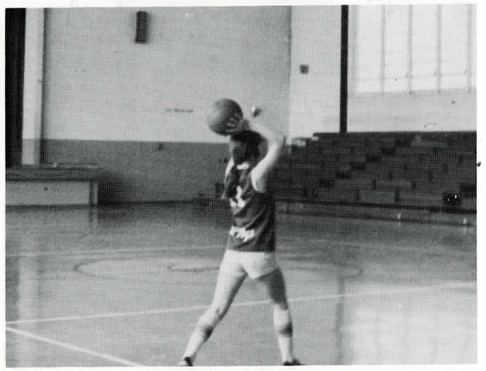
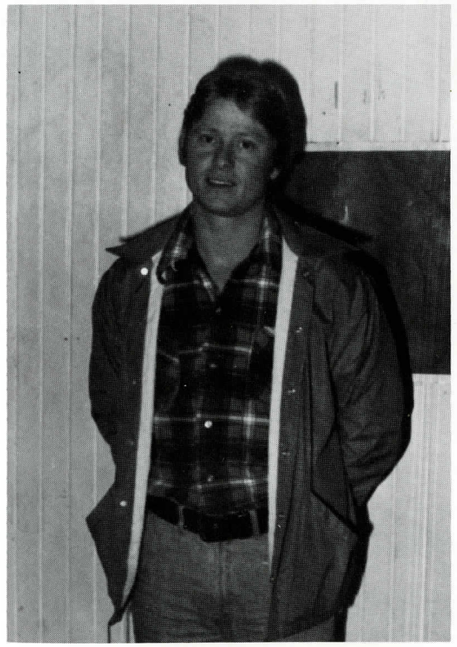
Pride Makes the Difference!





All of here at Vancleave were especially proud of Myrna Keen (upper right) as she was the only girl of the basketball team to receive the All-Conference Award. We are also happy to say that Deedy Holden received Honorable Mention.

High School Girls Basketball Team



It is only fitting and appropriate that our girls won the Vancleave Basketball Tournament.

We are pleased to announce that our own High School basketball coach, David Lipscomb (left) was elected Coach of the Year in the PRC Conference. Congratulations!

Kelly,
I think are one of the nicest and cutest girls on campus. Your personality reflects the kind of person you are. Good luck with the Cheerleaders next year and thanks for your support of the B.B. team.
Coach Lipscomb

Girls Basketball

Being on the team is a great thing. We think of the times that we almost won and wonder if maybe, that one last second would have made the difference; that last bit of possible energy that we could have put forth just might have won that game for us. But then think of the times that we won. Oh we were so proud. We knew that we could win. We just had to. After all, everyone was watching.

"FIRST GRADE: THE REAL #1"

There is a magical part of life that is probably a senior's most important year next to his graduating year. This year is the year of first grade. In the first grade you learn how to write and count. Most people can do this even before they start school. But there is an infinite list of things a first grader learns about. They learn how to add and subtract with the numbers they have already learned. They get into real hard words like 'stop' and 'go.' If a person doesn't learn the basics he can never function in life and will have a permanent handicap.

Second Grade

2nd grade: A second step that leads to more

Anyone who is in the second grade can tell you that he is really on his way up in the world. So far he has met lots of people and knows where everything is. You are no longer in the bottom of the heap. You can read, write and count. You can also play games and laugh at the first graders below you. Now you're riding the bus home with your little brother or sister and if you have a little brother or sister you can help them with their school work, because you had it last year. By now you have picked out best friends and even though you don't realize it, you will most likely spend the rest of your lives keeping in touch with each other. Your school life has started growing. There will be lots to do and much to learn. Oh, so much to learn. And it's going to be fun!

The fourth grade can be lots of fun! Students are getting older and boys and girls are becoming interested in each other. Fourth graders are discovering their own talents and can begin developing them. The fourth grade can be a very successful and memorable year for those who strive to make the most of it.

THE HALF-WAY MARK

When you get to the sixth grade you are pushed a lot. Next year you won't be in elementary. You'll be in Junior High. From there you go to High School; from there to who knows where. The students at Vancleave are different from the people anywhere else and people in other places are different from people at Vancleave. But all people are alike in some ways. We all make mistakes, we all have emotions, we all experience fear. That's how most sixth graders feel — afraid. They will be leaving the security of a single or two classrooms for six, strange ones. They will be mixing in with people and teachers they do not know. In time they will realize that Junior High is a truly FUN part of a person's school life. What will it hold? How will the sixth grades handle it? As always they will find a way. You can be sure of it.

Dear Students:

Although many steps are taken by my office each year to help meet the challenges that must be met to offer a good educational program to you, the youths of Jackson County School District, the key to an on-going, successful program lies with the leadership and staff of each individual school.

In order for a school to achieve desired results — it must have enthusiastic support and participation from all students.

I hope you can look back over the years with a happy, confident attitude having a realistic opportunity for self-improvement.

Self-efficiency and hard work are essential ingredients for your success.

Our keys to success, are you, the young people of Jackson County Schools.

Sincerely,

M. H. Mallette

We, the graduating class of 1978, will to our successors, the graduating class of 1979, our seats in the auditorium.

VHS! None of us seniors will ever forget the good times we have had in school. Those times will always be "first in line" in our memories.

To some students, graduation may not be anything but finally getting out of high school; to most of us it is OUR big night.

Many of us love to look back at the past where we can see our embarrassing moments and laugh at them. Some of us wish we could forget them forever! Then, too, we have good memories: our successes and our happy moments.

In the first grade we learned our numbers and ABC's. Along with these we learned many fun games to play. In the second grade we *really* got into reading and "real" writing. The third grade introduced us to really tough subjects such as geography and social studies. Fourth grade was really tough for some of us. Our teacher was the principal's wife! Fifth grade was even better than the previous ones. We were much older and could handle situations a little better. Even so, we still had a long way to go. We began studying someone called "Cortez" and "Montezuma" in history. Sixth grade was the halfway mark. We only had six more years to go. Our only new subject introduced was Mississippi History which we later took in the ninth grade.

Junior High was a special time for us. We had trouble at first adjusting to the new system of study we had to face. But it was fun! Between classes we were running to our lockers, or rather fighting our way to them, and trying to remember what class was next.

HIGH SCHOOL! Those two small words mean to many different things to different people. The tenth grade's big events were getting our drivers' licenses and ordering our class rings. Our junior year brought along hard work and a successful prom. All of these events led up to our senior year. We now realize that all those years of waiting have finally reached an end.

We all have some remote idea of where we are heading or where we would like to be; but no one can accurately predict the future. We will be on our own. We will have a chance to show the world what we can do, but what will do? Will it be good? Will we save lives? Be famous? Die? Who can say?

Our class reunion will be in 1988. What will have happened to the world by then? What will have happened to us? What will we have to say at our reunion? Ten years won't take as long as we expect it to. Will all of us be here for it? Most likely not. But we'll have to wait until then to see.

From the Principal

Never before in all history has there been such opportunities for each student to develop his full potential. One is bound only by the amount of drive that he has to achieve.

With every privilege comes responsibility. Therein lies the challenge to make the best use of the tools, the directions, and the time that God has given to build a life that is a credit to the individual and to society.

Education is a cooperative effort toward these goals. In the complex society of today, the home, the school, and the community must be supportive of each other. It is hoped that students will strive for the knowledge, the skills, and the attitudes of love of God, love of country, and love of fellowmen that will make them responsible citizens who will work toward these ends.

From the Editor . . .

It all started when the school year of 1976-77 came to an end. A new staff was chosen and new leaders were selected. We also brought in a new sponsor. All of the scheming and planning just couldn't prepare us for what was ahead of us in 1977-78.

Some of the goals we set out to accomplish were to properly utilize special effects and to maintain a balanced budget. I believe that we accomplished both.

The whole ordeal took a lot of cooperation from all members of the staff. At times we felt like pulling our hair out. Many times some of us neglected to do our share of the work. This caused the whole staff to go BERSERK! At times we felt that we were not getting everything done that we wanted.

I hope that all of the teachers will find it easy to forgive the interruptions and upsets the annual staff caused them; especially those teachers who had staff members in their classes.

I would like to thank my staff for putting up with my erratic moods and Mrs. Campbell for all of her guidance. Most of all I want to thank my parents for fully supporting me throughout this year!

WHAT WILL YOU REMEMBER MOST ABOUT BEING ON THE VANCLEAVE ANNUAL STAFF OF 1977-78?

Sharon: "Typing, typing, typing . . ."

Lori: "A lot of work."

Aretha: "Keeping busy."

Jack: "Apparently I was the only one who thought my ideas were any good."

Becky: "The difference between Deby's and my ideas on how to crop a snapshot. (I was totally wrong.)"

Suzanne: "Being kicked around since I was the only freshman."

Victor: "Drive here, drive there and work a lot."

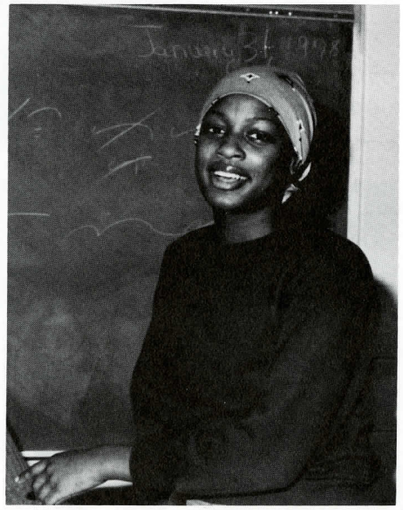
Pat: "Draw that layout and a lot of fun. Freak City U.S.A."

Sherry: "Cropping everything in sight."

Claire: "Deadline, deadline, deadline."

Jonnie: "Writing copy and meeting deadlines."

Kevin: "No comment."



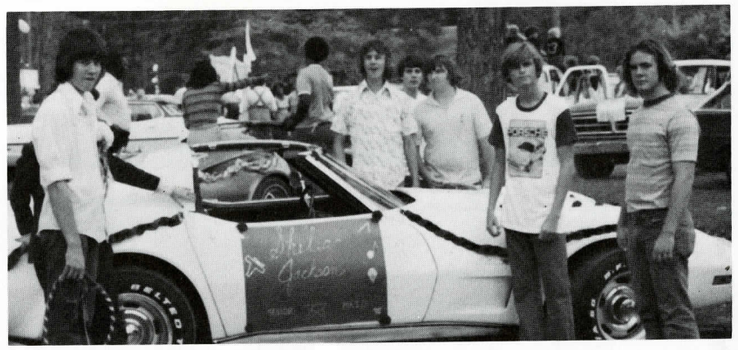
Karen: "I'm too busy."

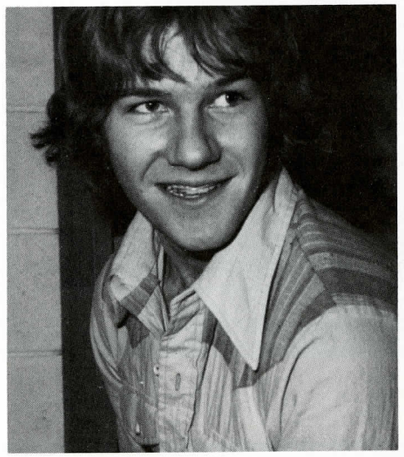
Deby: "My daily visits to the funny farm in room #2."

Mrs. Campbell: "How happy I was the night we finished the annual."

Remember When:

It seemed like only yesterday that we were learning our multiplication tables. Now we are learning that the decisions we make today will effect the rest of our lives. Some of us will go on to college after we graduate, others of us will go straight into the work field of good old America. We are not exactly sure if we can make it on our own. But, as in high school, we will try our best. You just wait! In ten or twenty years we will be the leaders of this great big world. We're the Class of 1978.





Vancleave High School was honored in 1977-78 by many outstanding people:

Dennis Cowart — Star Student

Mr. Kenneth Brown — Star Teacher

Karen Lowery — First runner up in the Jackson County Junior Miss Pageant. Karen also received the talent award, scholastic award, and a scholarship to the college of her choice.

Perian Kite — Third runner up in the Jackson County Junior Miss Pageant.

Greta Bosarge — Recipient of the scholarship awarded by the Jackson County Legal Secretary's Association to the college of her choice.

Becky Banks and Tommy Wiltz — First students to represent VHS at the Presidential Classroom for Young Americans in Washington, D.C.
